Help with Moving Boxes • Oct 20, 2025

Alex was fantastic! He arrived on time, worked efficiently, and was very careful with all the boxes. He even helped organize them upstairs exactly as I needed. A wonderful addition to our community!

Edit Bio

Hey there! I'm Alex, a freelance graphic designer who recently moved to the neighborhood. I'm passionate about creative work and love being part of collaborative communities.

I'm excited to be part of Hive TimeBank! I believe in the power of neighbors helping neighbors, and I'm here to share my skills and learn new ones. Whether it's helping with tech issues, moving furniture, or creative projects, I'm always happy to lend a hand.

When I'm not designing, you'll find me exploring local coffee shops, taking photos around the city, or working on DIY home projects. I'm also always up for organizing spaces or helping with moving tasks—turns out I'm pretty good at it!

Looking forward to connecting with more community members and building meaningful exchanges!
